Hello.

We are Kata & Peti, founders and designers of Kata Font Home. We created this small design studio in 2020 as a family business, with a strong belief for creating home accessories and small pieces of furniture with an artistic approach. Our aim is to create objects that speak the language of an abstract artwork and open the door for a contemporary artistic atmosphere in the space. Our main inspiration for these projects are works of concrete and constructivist art, playing with basic geometric forms to bring an artistic impact for everyday homes too.

POLKA

The POLKA wallhangers are customizable pieces that serve as jewelry for your entryway, combining functionality with unique aesthetics to create an artistic and contemporary atmosphere. Arrange different colors and sizes to create your unique display, or pair them with our PLAN coathanger for a playful yet minimalistic look. Available in various materials and colors, including custom options, these wallhangers offer versatile clothing storage. Hang clothes with a coathanger, spread them over, or use the little hook, making POLKA wallhangers both practical and visually appealing.
